

A&C synergy serum®

This multifunctional corrective product combines an advanced retinoid complex with witch hazel, alpha-arbutin, licorice root extract, and kojic, L-ascorbic and lactic acids. This advanced treatment serum is designed for breakout-prone skin and uneven skin tone. It promotes a clear, even complexion.

before

Condition: acne.*

after

Solution: used The Acne Control Solution daily over a one-month period.*

*Photos not retouched.

Key ingredients:

Retinol and Retinyl Palmitate (Vitamin A) – are part of a retinol complex that is converted to retinoic acid in the skin. Vitamin A helps to promote a clear complexion and an even skin tone.

L-Ascorbic Acid (Vitamin C) – is an antioxidant and MMPi that is the only bio-available form of vitamin C for the skin. It minimizes the appearance of fine lines and wrinkles while promoting an even skin tone.

Alpha-Arbutin, Kojic Acid, Lactic Acid and Licorice Root Extract – help to promote a clear, even complexion.

Resveratrol – is a calming antioxidant polyphenol naturally found in red grape skins.

Directions for use: after cleansing and toning, apply one to two pumps to entire face and neck twice daily for maximum results. Follow with the appropriate PCA SKIN® broad spectrum SPF product in the daytime and light hydrator in the evening.
