

## perfecting protection broad spectrum spf 30

This revolutionary broad spectrum UVA/UVB product combines the protective benefits of ultra-sheer zinc oxide and other potent sunscreen agents with licorice, mulberry and bearberry extracts to encourage an even skin tone. It also contains the important antioxidants silybin, also known as milk thistle, and caffeine.

**Perfecting Protection Broad Spectrum SPF 30** is suitable for all skin types and is also recommended following peels, lasers and other in-office procedures.

### Active ingredients:

**Zinc Oxide (9.8%)** – provides broad spectrum UV protection by reflecting, scattering and absorbing UV rays.

**Octinoxate (7.5%)** – absorbs and filters UV rays.

### Key ingredients:

**Caffeine** – supports antioxidant activity.

**Silybin** – is an antioxidant.

**Bearberry** – is an antioxidant and skin conditioning agent that helps promote an even skin tone.

**Licorice Root Extract** – is a calming ingredient that helps promote an even skin tone.

**Kojic Acid** – helps promote an even skin tone.

**Mulberry Root Extract** – is an effective melanogenesis inhibitor that assists in evening skin discoloration.

**Lactic Acid** – is an alpha hydroxy acid (AHA) naturally found in milk and sugars. It is part of the skin's natural moisturizing factor (NMF) and moisturizes the skin.

**Directions for use:** smooth onto skin after cleansing. Allow to absorb 30 minutes prior to daytime exposure. Reapply after two hours of sun exposure and repeat every two hours as needed. It is recommended for daily use.
