

Treat discolorations over large areas on the face and body for a bright, even skin tone with this cleansing bar formulated with azelaic and kojic acids.

before

Condition: sun damage on chest.*

after three months

Solution: received two Smoothing Body Peel® Treatments and Pigment Bar®, Pigment Gel® HQ Free and Perfecting Body Hydrator SPF 30 daily.*

*Photos not retouched.

Key ingredients:

Azelaic Acid – helps promote a clear complexion and even skin tone.

Kojic Acid – helps promote an even skin tone.

Niacinamide – a potent, yet calming antioxidant that delivers multiple important benefits to the skin. It helps to reduce transepidermal water loss (TEWL) and improve barrier function.

Directions for use: Moisten the enclosed sponge and create a creamy lather. Cleanse the affected area, allowing the lather to remain on the skin for approximately two minutes. Rinse with warm water and pat dry. Follow with the appropriate PCA SKIN® broad spectrum SPF product in the daytime and moisturizer in the evening.

Note: store sponge outside of container.
